At the University of Regina, we believe education is about more than earning a degree.

200+ ACADEMIC PROGRAMS	9 CANADA RESEARCH CHAIRS
10 FACULTIES	21 RESEARCH CENTRES

Through experiential learning, groundbreaking research, and a deep connection to our community, we empower our students to turn curiosity, knowledge, and drive into action.

Although our roots go back more than a century as Regina College, we became an independent, degree-granting university on July 1, 1974. Today's U of R, along with our federated colleges—Campion College, Luther College, and First Nations University of Canada—offers comprehensive, post-secondary education to more than 16,600 students. With over 92,000 alumni, our graduates are making a positive difference in Saskatchewan and around the globe.
